Objections to Certain of Plaintiff's Exhibits Nos. 1 to 1946

Filed Nov. 9, 1949

Introductory Statement

In the statement filed by plaintiff as to purposes for which various exhibits are offered, in many instances the statement reads "for all purposes". On page 1 of the statement it is stated that when an exhibit is offered "for all purposes", it is "also offered" for four specified purposes.

We are laboring under considerable difficulty in stating our objections to documents offered for such multitudinous purposes. In the usual trial of lawsuits, when a document is offered its usual purpose is to prove certain facts which, in the absence of the hearsay rule, the document tends to prove; that is, to prove the truth of facts stated or recited or implied in the document. The usual objection is that it is hearsay. But of course a document may be offered for any one of many other purposes. It may be offered to show insanity (or the opposite, high men-

tal capacity), prejudice, knowledge of a fact, animosity. Or it may be offered for impeachment purposes. In the latter case it is inadmissible unless the writer has
10813 first taken the stand and testified in a manner inconsistent with his document. Or if the document was written by authority of the opposing party, it may be admissible as an admission.

We believe it is obvious that in making our objections to these various documents it should be unnecessary in each instance for us to state that it does not tend to prove each of the foregoing, or in the case of impeachment, to state the obvious fact that no foundation has been laid. In each instance, therefore, when it seems obvious that the only purpose of the document is to prove facts which, in the absence of the hearsay rule, the document would tend to prove, we shall merely state objections on the basis that the proffered evidence is hearsay. In making that objection we wish it understood that it is our contention that the document is not admissible for any purpose. If the Court desires a more specific statement of our objections, we shall be pleased to make it, and hereby offer to do so.

We believe that for us to state our objections separately to each exhibit, thus requiring the Court to examine each exhibit separately in the light of the specific objections directed toward it, would impose an undue, and unnecessary, burden upon the Court. We shall accordingly in instances where we believe that certain groups of exhibits are subject to the same objections, group those exhibits together and make objections to each exhibit in the group by a general statement applicable to all in the group. In doing so we wish it understood that such objections are made to each exhibit specified in the particular group, separate from all the other exhibits in the group. If the Court believes that the objections thus made are not sufficiently specific, we shall wish to reframe our objections by taking each exhibit separately and directing our objections to it, and we hereby offer to do so.

In this document, objections are made only to
10814 certain exhibits numbered 1 to 1946. We reserve the right to object to any additional exhibits, even though the same may have been offered prior to the time that this document is served and filed.

Objection to All Documents

Defendents object to each and all exhibits numbered 1 to 1946, inclusive, severally and separately, on the ground and for the reason that each of said documents is incompetent, irrelevant and immaterial, that it does not prove, nor have any tendency to prove, any of the allegations of plaintiff's complaint, specifically that it does not prove or have any tendency to prove any conspiracy among the defendents or any of them, alleged in the complaint, any unlawful agreement among defendents or any of them, or any coercion, compulsion, harassment, threats or pressure against any doctor, hospital, hospital association or other person, group or persons or corporation.

In making objections hereinafter to specific documents on other grounds, defendents do not waive the above objections or the grounds thereof.

1. *Objections to Letters or Other Communications from Doctors to Hospital Associations, Employers, Patients, and Others.*

In this category fall a large number of letters and other communications by doctors in Oregon to the general effect that they will not work for one or more commercial hospital associations, or take tickets from one or more such associations, or words or implications to a similar effect.

Defendants object to each and every of the exhibits hereinafter in this category enumerated, severally and separately, on the ground and for the reason that each such exhibit is hearsay and not binding on defendants or any of them. None of said doctors has taken the stand to testify, none has been subject to cross-examination.
10815 None of said letters is accordingly admissible for impeachment purposes. None is admissible to prove a "state of mind", at least not to a greater extent than *every* statement made by a person indicates a "state of mind".

Some of the letters merely state that the writer will not work for or take tickets from one or more hospital associations and some of the communications contain other statements such as the reasons for such decision. Defendants' objection to each of these documents goes separately to that portion of any document stating he will not work for or take tickets from the association or as-

sociations and to those portions of each such document other than such a statement.

The further objection is made that with respect to each such exhibit the material question is not (even assuming plaintiff's contentions are sound) whether on the date of the letter or other communication the writer was refusing to take tickets, or to work for associations, but rather the attitude of the doctor at the time of the filing of the complaint. Plaintiff's own evidence discloses that many, if not all, doctors who wrote such letters later changed their minds and took tickets.

Since the evidence in this case discloses that about the year 1941 or 1942 there was a definite change of policy on the part of Oregon State Medical Society and also of any county societies that theretofore may have had a policy similar to that of Oregon State Medical Society, we believe that letters written prior to such change of policy are even more objectionable than those written thereafter. For that reason we are setting forth separately letters written prior to December 31, 1941, and letters written subsequent to that date.

The exhibits to which the present objections apply are as follows:

10816 (a) *Communications written prior to December 31, 1941.*

18, 19, 20, 21, 23, 25 to 32, 44, 45, 536-7, 539 to 548, 550 to 562, 566 to 568, 609 to 614, 618 to 630, 855, 872, 1056, 1108, 1229, 1244, 1314, 1322, 1324 to 1328, 1348 to 1363 1366, 1369, 1381, 1391, 1393, 1394, 1398 to 1403, 1410 to 1414, 1422, 1428, 1429 to 1437, 1439, 1440, 1441, 1442, 1713, 1722, 1752, 1753, 1759, 1792, 1794, 1795, 1797, 1798,

(b) *Communications written subsequent to December 31, 1941.*

10, 11, 13, 14, 16, 17, 33, 35, 38 to 40, 43, 47 to 51, 53, 54, 56, 68, 68-A, 69, 70, 70-A, 70-B, 588, 590, 601, 616, 643, 655, 1094, 1100, 1268 to 1271, 1279, 1280, 1304, 1407, 1408, 1438, 1446-7, 1448, 1449, 1464, 1468-9, 1473, 1474, 1475, 1477, 1480, 1481, 1483, 1485, 1486, 1746-7, 1755, 1783, 1803 12, 21, 575, 647

10817 2. *Letters and Other Communications from Employers, Members of Hospital Associations, Union Officials, and Others, to Hospital Associations.*

This group of exhibits consists of letters and other communications to commercial hospital associations notifying them that one or more doctors have refused to take hospital tickets or words of similar effect. Some of them relate trouble had by employers or members or others as a result of such refusal. Some inquire as to the method of handling the situation; and some of the letters contain other statements.

The defendants object to each and all said exhibits, severally and separately, on the ground and for the reason that each said exhibit is hearsay. There is no showing that any of said exhibits was written by or with the consent or authorization of any defendant.

Said exhibits falling in this category are the following:

15, 34, 37, 46, 52, 515, 517, 520, 524, 525, 528, 532, 534, 549, 569, 570, 571, 573, 578, 602, 603, 604, 617, 631, 632, 633, 636, 637 to 640, 645, 648, 649, 650, 651, 654, 655, 656, 657, 658, 852, 854, 856, 857, 858, 863, 865, 869, 870, 874, 1239, 1240, 1241, 1242, 1243, 1245, 1246, 1249, 1250, 1272, 1274, 1236, 1277, 1278, 1281, 1283, 1284, 1285, 1286, 1288, 1289, 1290, 1291, 1292, 1293, 1294, 1295, 1296, 1297, 1299, 1300, 1301, 1302, 1305, 1306, 1308, 1310, 1311 1312, 1313, 1315, 1316, 1317, 1318, 1319, 1320, 1321, 1329, 1331, 1335, 1337, 1365, 1368, 1370, 1371, 1376, 1379, 1382, 1385 to 1389, 1415 to 1417, 1421, 1446-7, 1459 to 1463, 1465 to 1467, 1472, 1484, 1485, 1487, 1756, 1757, 1758, 1782, 1784, 1786 to 1790, 1877, 1878, 1887 (p. 623)

42, 579, 606, 646, 852, 1418

10818 3. *Letters and Communications from Commercial Hospital Associations to Employers, Members, Union Officials and others.*

These letters, for the most part in response to communications in the next preceding category, explain to employers, members and union officials how to handle the situation when a doctor declines to accept a ticket, some of them list doctors who will, or will not, accept tickets, some of them refer to the so-called "boycott" either in a particular location or elsewhere, and have similar statements or advice.

Defendants object to each and all of the following numbered exhibits, severally and separately, on the ground and for the reason that each of said exhibits is hearsay. There is no showing that in any instance the writer of any such communication was authorized by any defendant to write such communication.

Said exhibits to each of which this objection applies, are the following.

514, 516, 518, 519, 521, 522, 523, 531, 533, 572, 574, 576, 587, 596, 640, 641, 642, 644, 645, 646, 648, 650, 651, 652, 657, 658, 659, 853, 854, 857, 858, 860, 861, 866, 868, 869, 870, 871, 1230, 1231, 1242, 1244, 1245, 1247, 1273, 1274, 1275, 1282, 1287, 1298, 1303, 1482, 1307, 1308, 1309, 1313, 1329, 1330, 1341, 1344, 1372 to 1375, 1377, 1378, 1421, 1446-7, 10819 1449, 1451, 1463, 1465, 1470, 1853 (p. 184), 1880 42, 647, 1418

4. *Letters from Hospital Associations to Doctors.*

This category includes letters from hospital associations to doctors, acknowledging receipt from doctors of communications listed above in category 1. Some of them attempt to give reasons why the doctors should not pursue the course they were alleged to be pursuing, some state that it is satisfactory to the hospital association for the doctor to pursue a given course, and some have other statements.

Defendants object to each and every of said exhibits, severally and separately, on the ground and for the reason that each said exhibit is hearsay. No showing has been made that in writing any such letter the hospital association was authorized so to do by any defendant.

The exhibits to which this objection is directed are as follows:

535, 538, 589, 600, 615, 643, 862, 1109, 1227, 1228, 1364, 1391, 1748, 1796, 1799, 1829 (pp. 723-5)

10820 5. *Memoranda by Officers and Agents of Hospital Associations.*

The memoranda included in the following numbered exhibits were dictated either by C. C. Bechtold or Walter J. Page, or some other officer or agent of National Hospital Association, and placed in the files of that association. To offer such documents as evidence is merely an at-
